Automated 300 Disc Publishing System

DISCSPRINTER 300

DiscSprinter 300

Automated 300 Disc Publishing System

- 300 disc input/output capacity
- (3) CD/DVD or Blu-ray recorders
- SSD Hard Drive for maximum performance
- Full Color Thermal Retransfer Printer or Black Thermal Printer
- Removable Spindles for easy disc handling
- Includes front mail slot disc delivery

TEAC's DiscSprinter 300 is a disc publishing and duplication system designed for automated, unattended disc production. The system is equipped with 3 CD/DVD or Blu-ray recorders, a high speed SSD hard drive, and a 300 disc input/output capacity. The DiscSprinter 300 comes loaded with embedded Windows 7 PC and disc publishing software suite. It is designed for maximum output, ease of integration with front office design, and an effective price point.

Pre-installed Software Suite

- Easy-to-use Windows 7 based software suite
- Record and Print Discs from Any Computer on your Local Network
- Drag and Drop Data, Video or images
- Built-in Label Designer
- Live Status on Hopper/Media Levels/Printer Ribbon Levels, and Job Status Details
- Email Event Notifications
- Customized API's Built-In
